Game Hour !!
Enjoy Tux Paint

INTRODUCTION

You have learnt about the Tux Paint program and how to make simple drawings in it. Let us now learn to use some other tools of Tux Paint and try to make beautiful drawings.

PAINT TOOL

It is used to draw freehand drawing on the drawing canvas.

When you click on the **Paint** tool , many brushes of different shapes appear on the selector. Choose any one of them and draw on the drawing canvas.

Pick a color and a brush shape to draw with.

different shapes and sizes of Erasers

ERASER TOOL

It is used to erase the whole or any part of a picture.

Do you remember the Eraser of Paint program? The Eraser of Tux Paint also works in the same way. When **Eraser** tool is selected the selector shows different shapes and sizes of the eraser. Choose the one you need.

◆ MAGIC TOOL

It is a special tool used to give special effects. When **Magic** tool is selected, the selector shows different **magic effects**. Depending on the effect you select, either click and drag or simply click on the drawing canvas.

◆ SAVE TOOL

To save your drawing, click on the **Save** tool from the toolbar. Your picture is saved.

◆ OPEN TOOL

To open your saved file, click on the **Open** tool and select the file you want to open.
